## TO WHOM IT MAY CONCERN

Chubb Insurance Company of Canada recently engaged Mr. Jack Ostroff to review our Treasury and Cash Management procedures. True to his promises, Mr. Ostroff performed a thorough review while conducting himself in a professional manner and with minimal impact on staff resources. His report was delivered in a timely fashion and served to both confirm the effectiveness of current procedures as well as identify certain areas where improvements could be made.

I would recommend Mr. Ostroff to other companies interested in performing such a review.

Yours very truly,  
CHUBB INSURANCE COMPANY OF CANADA
