TO: PROSPECTIVE CLIENTS OF OSTROFF ASSOCIATES:

The writer has known and worked with Mr. Jack Ostroff, beginning in 1983.

As Treasurer of General Mills Canada, Inc., he contributed significantly to the improvement of our Treasury operations, cash management and tax systems.

His management skills were enhanced with a unique creative and innovative flair and a particular ability to reduce complex problems to actionable priorities.

I recommend Mr. Ostroff without qualification as a skilled professional and business manager.
