To Whom It May Concern,

Jenisys Engineered Products engaged Jack Ostroff of Genus Financial Corporation as a Treasury Consultant to review our treasury and cash management systems.

Our experience was that Genus Financial Corporation was efficient, thorough and professional in their approach and required minimal staff time. Their advice has been constructive and appreciated by staff and management at Jenisys Engineered Products. Their approach has been worthwhile in both confirming existing efficiencies and recommending further improvements.

Yours truly,

A handwritten signature in black ink, appearing to read 'C. Phillips', with a large, stylized initial 'C' and a horizontal line extending across the bottom of the signature.

Charles M. Phillips
Vice-President, Finance
